

Product Description:**High Backrest Seat****Product Code:**

CR4

Monoblock, self-bearing, ergonomical shell seat injection moulded in stabilised high quality copolymer polypropylene. Shiny surface, sealed around the whole of its perimeter to prevent dirt from accumulating inside the seat, easy cleaning.

Curved front edge of 35mm with right-angle base overlapping terrace front. Fixing in a sole central anchoring point strengthened with a small steel plate. Central drainage.

For universal usage (conventional bleachers, metallic bleachers, benches, for sport facilities, premises for public shows, auditoriums, etc.).

Light resistance:
Additive anti-UV, protection 8.000 hours WOM

Resistance to severe public use (vandalism):
UNE EN 12727:01 (Fv=950 N, Fh=330N, 200000 cycles)

Fire resistance (optional):
Classification M2

Brackets:
Metallic: metallic bracket in cold laminated steel tube, galvanised or (optional) oven painted; mono-arm with base plate in 3 anchoring points, which enables fixing to any bleacher profile, with 5 fixing points between seat and support / PP + Fibreglass: unique brackets moulded by injection, made of PP + charge of fibreglass, with 5 fixing points between seat and support and 3 anchoring points to the step.
