

Product Description:

Portable Seating

Product Code:

WSU-10

Wheelaway seating units suitable for both indoor and outdoor use.

Constructed from 38mm square section powder coated steel throughout, with hardwood timber lathes coated with an exterior finish.

All fixings made from stainless steel.

Each unit has 100mm castors and rubber feet to prevent floor marking.

Provision is made for 'step through' to the upper tier and units have a detachable upper tier backrest.

Capacity of 9-10 people.

Backrest folds for transport, leaving width of 698mm (with 20mm clearance).
